To Whom It May Concern:

Race Day Event Services has helped us with three Run for Freedom, Walk for Justice 5K's to date. I say helped because they did so much more than show up on race day to time our event. Kate and her team were so helpful with any questions I had, and also in reminding us of the things we needed to do throughout the nine months preceding our race.

Race Day Event Services gave us a much higher quality of service than other timers we have used in the past. I can't imagine doing a race with anyone other than Race Day Event Services for our future events.

Sincerely,

A handwritten signature in black ink that reads "Rae Cardenas". The signature is fluid and cursive, with the first name "Rae" being more prominent.
